St Joseph's Hospital - enter through the Cheapside doors

WHAT IS A CAR WORK SHOP ?

The conference Agenda Report contains motions from NA regions around the world which will be voted on at the World Services Conference at the end of April. We, each addicts, have a voice in the decisions made at the WSC. We can make our voices heard by voting on these motions at our NA home groups. Our conscience is then carried to the area level, the regional level and finally to the world level. This workshop is an introduction to the motions that are to be discussed and voted on at the next World Service Conference,
